Subject: Its Your Birthday!

Happy Birthday too you, Happy blrthday too you, Happy blrthday my gorgeous wonderful, sexy, kazzl , Happy blrthday too you!

Darling I got me time zones confused and missed you blessed birthday by a day. I want to wisk you away to a deserted Island beach, honey glase you, let you cook slowly before a torrid and passionate embrace.

I have not forgotten and just to say simply that you are indeed greatly loved up, magnificently appreclated and at the moment sorely missed.

Once back its candles and dlinner and a special prezzie from Jamaica.

Lots kisses, hugs and tings

Your man
