Hello Manny

During our meeting you advised that I tak legal advice. I have taken the first step in that direction. Attached is a summary of my statement and the advice offered so far. Be assured that it is no more than clarifying my position to an independent advisor at this stage as advised. I also remember you saying that you werè meeting with Lee. At this stage I think it is necessary that he has a deeper view of my position so I have copied him in. Please both treat this as private and confidential at the moment.

Joel
